

LENIN JIMÉNEZ TORRES.

I am mechatronic engineer with certified preparation and practical knowledge in the systems and networks areas. I have got experience in web development like fullstack programmer.

My goal is continue developing my career in the branch of IT and the same time to contribute with my professional skills and bringing value to the company with which my profile do match.

Personally, I adapt easily and I can do teamwork under co working methodologies like scrum and I really enjoy to learn more about my career.

Languages: English | B2

ID: 1726371840

Spanish | Native

EDUCATION

Mechatronics Engineer

2014-2019

Universidad de las Fuerzas Armadas ESPE-EL.

Record number: 1079-2019-2089829

CISCO ACADEMY

CCNA 200-301 Switching and Routing.

Record Number: JCNCD3FNHCV1QHST

PROFESSIONAL SKILLS

Amazon web Services

- Instances
- DNS
- Hosting
- Load balancing
- Virtual machines
- SSL

Linux

- CLI
- Scripting
- SSH
- Server administration
- System administration

Frontend

- HTML
- CSS
- JavaScript

CISCO

- Switching protocols
- Routing Protocols
- WLAN configuration | Access Point
- LAN | WLAN Security

Databases

- SQL Server
- Databases administration
- Azure data studio | MySQL | SQL Studio

WordPress

- Web pages
- Databases

PHP

- WP plugins
- Server applications

OTHER SKILLS

Git

- Control versions
- Git language
- GitHub repositories

Python

- Artificial vision
- Intermediate applications

Microelectronics

- Preventive
- Corrective

Adobe Tools

- Photoshop CS6
- Illustrator
- Premier Pro

Responsive Web Design

- Html | Html5
- CSS Basic
- Applied visual design

PROFESSIONAL BACKGROUND

Web Developer

Centro Integral de Patología
Pathology Laboratory
April, 2021 - present.

- Design and implementation of web page using AWS technologies.
- Design and implementation of web application to online consultation of laboratory test results.
- Digitization of corporate image.

Animation designer

Fiverr
February, 2021 - present
